Attention Greenfield Homeowners:

National Claims Recovery has suspended the processing of any **new** ABTco siding claims. The claims are not paying the homeowners the settlements we need in order for us to be profitable as a company. For those homeowners who we have written claims for we are processing your claim as per our agreement. For those homeowners who may have this type of siding and are interested in filing a claim you may go directly to www.abtcoclaims.com or contact ABTco at (800) 549-4465 and submit a claim on your own. We apologize for any inconvenience this may have caused but it is out of our control.
